

FACILITATORS – HEALTH CARE AIDE PROGRAM

Columbia College is a young, exciting, accredited educational institution that was established in 1986. It offers a broad range of high-quality and accelerated innovative pre-career and professional programs that support continued adult learning and development. Columbia offers a wide range of intensive occupationally focused certificate and diploma programs where students obtain up to two years of highly valued and recognized college/university education in a compressed period (as little as twelve months).

The College is currently looking for additional highly energetic, knowledgeable and caring facilitators for our Health Care Aide Program. As an integral part of our team, you will provide students with knowledge and skills required for future employment within the health care industry. Along with the responsibility for facilitation and supervision of the students, you will be responsible for completing the student evaluations in the classroom, skills lab and clinical settings. As a facilitator you will mentor the students in a professional role and assist them to complete their scope of practice training within their chosen designation.

QUALIFACTIONS

- LPN with recent acute care and/or continuing care experience.
- Current CLPNA registration.
- Teaching experience preferred.
- Excellent communication skills.

TO APPLY

Interested candidates should submit a resume with a cover letter indication date of availability, four work-related references and salary expectations. They should also clearly state the preferred number of hours per week, preferred time of day and days of week and whether they prefer to instruct in the classroom, skills lab and/or clinical setting.

(Only candidates selected for an interview will be contacted.)
