

CRIMINAL JUSTICE INSTRUCTORS

Columbia College is a young exciting accredited educational institution that was established in 1986.

The College is currently seeking part-time facilitators to add to its Criminal Justice Faculty. Candidates should possess a Bachelors degree from a recognized institution and have a minimum of five years of professional experience in the criminal justice field. Consideration will be given to individuals possessing significant professional experience in lieu of a degree. Experience as a classroom instructor is not required, although candidates must be willing to develop effective classroom facilitation (instruction) skills in order to support student learning.

The Criminal Justice courses are as follows:

- * Crime Prevention through Environmental Design
- * Criminology
- * Fundamentals of Criminal Justice
- * Crime Prevention Through Environmental Design
- * Canadian Court Systems
- * Ethics in Criminal Justice
- * Crisis Communication
- * Juvenile Justice
- * Community Policing
- * Criminal Investigations
- * Gangs of the 21st Century
- * Interview and Interrogation Techniques
- * Conflict Resolution
- * Introduction to Forensic Science
- * Investigative Techniques
- * Diversity in Criminal Justice
- * Development of Correctional Institutions
- * Basic Concepts of Psychology
- * An Introduction to Sociology

Each 40-hour course normally consists of two 4-hour classes per week delivered over five weeks, either in the afternoons or evenings.

Please visit our website at www.columbia.ab.ca to learn more about the College

Interested candidates should submit a resume and cover letter. Their cover letter will indicate specific course preferences (see website for course descriptions - www.columbia.ab.ca), three work-related references, and salary expectation per 40 hour course.

Only candidates selected for an interview will be contacted.
